School Volleyball

ENDEAVOURS

PERSONAL WEBSITE

Currently developing a website and blog using Jekyll, HTML, and CSS.

WRITTEN MANDARIN

Currently teaching myself to read and write Mandarin through books and online resources.

EXPERIENCE

ANDREWS.ENGINEER | INFRASTRUCTURE ENGINEER

April – August 2017 | Toronto, Ontario

- Streamlined data collection and consolidation processes by automating manual tasks through coding Microsoft Access and Excel Forms using VBA and SQL.
- Planned trunk sewer inspections for the company's field crew using data analysis to determine inspection priority.
- Established and developed an inspection information database and form system to be implemented for a new rehab contract.

MATH4ME LEARNING | MENTOR AND TUTOR

March - August 2016 | Richmond, BC

- Taught and mentored elementary and high school students in all school subjects.
- Significantly increased student's understanding of concepts, proven through vastly improved marks and self-confidence.
- Facilitated learning and provided a sense of community by encouraging openmindedness, optimism, and acceptance.

VANCOUVER AQUARIUM | INTERPRETIVE DELIVERY

June – July 2015 | Vancouver, BC

- Professionally explained about various exhibits to guests through the use of interactive speech and visual aids.
- Effectively worked as part of a team to run an aquarium game show, and encouraged visitors to preserve the health of the environment.

VOLUNTEERING

FIRST BAPTIST CHURCH | CREE NATION JOURNEY

August 2015 | Onion Lake, SK

- Organized and planned a trip to Onion Lake to learn about the challenges that aboriginal people face in Canada.
- Created and participated in community renewal projects, including cleaning a school and insulating buildings from the cold.
- Attempted to reconcile with the neglected Cree people by showing love, care, and compassion, and by helping the community.

SERVE | COMMUNITY BUILDING VOLUNTEER

July 2012, 2013, 2014 | Western Canada

- Revitalized communities and enriched lives through planting vegetables, building stairs, assembling beds, and painting buildings.
- Participated and engaged with hundreds of youth from across Canada to do volunteer work for a different town each year.
